

Serial No. 09/627,395

**REMARKS**

By way of this preliminary amendment, 'new' claim 15 has been amended to correct an obvious error found in that claim. Also, 'new' claim 15 and 'new' claim 19 have been amended to remove an unnecessary limitation from the preamble. Further, new claims 20-45 have been added. No new matter has been added.

In claim 15, 'antenna controller' was changed to receiver/decoder in the last element recited in that claim, to correct an obvious error in that claim. Also, for both claim 15 and 19, 'in real time' was removed from the preamble, since that feature was not believed necessary for patentability.

Respectfully submitted,

Date January 6, 2006
